My husband, daughter, and I, as well as the majority of our large extended family, are lucky to call Me'Chosen Medical our doctor's office. Dr. O'Connor is absolutely everything you could ask for in a family doctor. He is kind, patient, and truly cares for his patients and the community he is a part of. The staff are always welcoming and happy to assist. By far the best location, best office, best staff, and best doctor I have ever had!
