Dr. O'Connor and Me'Chosen Medical not only provide compassionate high quality care but also a calming and enjoyable experience. The office location can only be described as stunning. Dr. O'Connor has created a place where our son (who has a chronic disease) can explore the fruit trees and count the boats rather than worry about his appointment. The staff and Dr. O'Connor are always empathetic and never seem rushed. We are more than happy with our doctor and care. Thank you Dr. O'Connor and the Me'Chosen Medical team!
