If you could rate a Medical Clinic this would be a A+. You would find nothing better

Going to the doctors can be stressful but the first thing you see is the fantastic waterfront overlooking Victoria. It has a calming effect and helps you relax while waiting. You never know what you'll see from eagles soaring by to whales, otters, seals and cruise ships.

The front staff, Donna, Roby, Lisa + Deb are the most friendly, cheerful and helpful staff. They are there to help in anyway and make you feel welcome.

Dr O'Connor is a very caring and compassionate doctor. He goes out of his way to address your health concerns and works with you to find the best solution.

You are never rush and with his expertise and knowledge you know you have gotten the best care and attention possible.

Thank you Dr O'Connor for choosing to make Me'Chosen your home.
