My family have been patients (husband, self, ^{special need} daughter) of Dr. Robert O'Connor for the last 6 yrs. He is amazing and we are privileged to be his patients.

Dr. O'Connor has a wealth of medical knowledge, is intelligent, listens to patients and never hesitates to refer to a specialist if needed.

I am particularly appreciative of his skilled caring of my daughter as he is knowledgeable, kind and patient.

The office staff are friendly, efficient and keep the appointments on time.

Dr. O'Connor is not only a great G.P. but also a valuable, involved member, giving of his time and expertise to the community of Melchosa.

One is fortunate to be a patient of Me'Chosen Medical Practice, that besides treating medical problems also is dedicated to Wellness & health education.
