

1014

The atmosphere at Me'Chosen Medical makes this office a pleasure to visit, between the friendly reception staff, relaxing natural setting, and Dr. O'Connor's laid-back but professional demeanor. It is hard not to linger outside after your appointment to take in the stunning ocean views and look at the bright citrus trees in the greenhouse. I am reassured every time I leave the office that Dr. O'Connor has taken care to listen to all of my concerns in detail and will be thorough in his recommendations of possible tests and treatments.
