I grew up in Metchoshin and have been fortunate enough to have a family doctor practice in Metchoshin. Dr. Oconnor has been my and my childrens doctor for the past 8-10 years. The setting of the practise is quiet and beautiful. Dr Oconnor is very knowledgeable and caring. Reception is friendly and helpful. Appointments run on time and I'm never left waiting for my appointment. When needing an appointment there is always something available within a day or two. I appreciate how close to home the practise is and <sup>how</sup> respectful I am treated by everyone.
