I Feel so fortunate to be a patient at Me'Chosen Medical.

Downa and Roxie do a great job running the office

They are always pleasant and efficient.

Dr. O'Connor is terrific. I've had a series of inter-related chronic issues, and Dr. O'Connor

has been consistently thorough, intelligent & compassionate as we work through them.

And I have to say that just going to the office makes me feel better - the setting is beautiful, and everyone is friendly.
