- The environment is super. Friendly + accomodating staff. Easy to reach, via phone, to make appts. Waiting room provides an amazing view that is very calming. Patients often heard having conversations with one another. With that being said, not alot of people in waiting area at a time due to appts. remaining on schedule. Never have had a long wait. I truly appreciate the two drs. + , usually ^{there are} 3, receptionists attitudes + positive vibes. Great place !!
